3.2 BILLION

The number of people, who will face shortage of drinking water by 2050, according to a new UN report. Scientists have warned that while global warming has led to rising tides, it's also threatening the water supply of people across the world. According to the report, the number of people living in places with insufficient water will shoot up by almost 60 per cent in the next 30 years

THE CAUSE

- Runoff from glaciers provides drinking water for millions of people, but record loss of glacier mass is leading to increased water scarcity
- Glacier runoff is expected to max out globally by the end of the century and then decline, the report warned
- Warmer temperatures have led to the reductions in the world's glaciers and ice sheets, which threatens the supply of fresh water
- More glacier mass was lost between 2016 and 2019 than in any other five-year period since 1950

BRIEF

he first FIFA men's world rankings for five months were still led by Belgium on Thursday after the shutdown of European teams during the coronavirus pandemic ended in September.

SPORTS

Belgium leads an unchanged top four nations from 2018 World Cup winner, France, Brazil – which is yet to play in 2020 — and England. Portugal, the reigning European and UEFA Nations League champion, rose two places to No 5.

Rankings after the November international break will decide seedings, when FIFA draws the European qualifying groups for the 2022 World Cup in early

► The 10 highest-ranked European teams will be top-seeded in groups, where only the winner will advance directly to the finals in Qatar. Three more teams will qualify through playoffs scheduled in March 2022. → Currently, Germany is the

ninth-best European ranked No 14 and No 15 Switzerland would take the last top-seeded place in the draw

WHATSAPP ON WEB MAY SOON **GET FINGERPRINT AUTHENTI-CATION FEATURE**

hatsApp is reportedly working on adding another layer of security via biometric scanning support that will help users secure new sessions on the platform on the Web.

According to WABetainfo, a website that tracks WhatsApp in Beta, the mobile messaging platform has dedicated a team to work on making the entire browser service more secure

➤ One would have to open WhatsApp on their smartphones and scan their fingerprint to initiate the web session of their PC, the report said ➤ It's not clear though if Face Unlock support will also be added in the future for devices that support 3D Face Unlocks

The current method of authentication involves using your phone's camera to scan an on-screen QR code to gain access to your account

➤ In addition, WhatsApp is reportedly bringing a fix for a bug that caused the removal of recently- used emojis after the app is updated. The feature has been spotted in WhatsApp 2.20.200.10 beta for Android updates.

Greta Thunberg tipped to win Nobel **Peace Prize?**

WHEN ANIMALS WERE USED AS SPIES

n August 31, a herd of yaks crossed over from the Chinese territory into India. Experts claimed that China may be using the yaks for spying. The Indian Army returned the yaks to their Chinese owners but this is not the first time that animals are being allegedly used as spies. Here's a look at some of the past incidents...

OPERATION ACOUSTIC KITTY

R eportedly, the CIA had a plan to turn cats into spying devices. few years ago. The plan was named Operation Acoustic Kitty. It was later shelved when during a trial, the spy cat, which was meant to capture a conversation of two people, strayed into the streets, and got squashed by a taxi, reported history.com

VULTURES

n 2011, Saudi Arabia had accused Israel of using griffon vultures for spying. Reportedly, Saudi officials found GPS transmitters in the vulture. Similar claims have also been made by Sudan.

SHARKS

n 2010, Egypt claimed that a series of shark attacks in the Red sea could have been a conspiracy of Israeli spy agency Mossad. In a 2006 report, BBC had also said that the US is planning to turn sharks into "stealth spies" capable of tracking vessels undetected, a British magazine had reported.

HAMELEONS AND SQUIRRELS TOO!

There ha-

claims by Iran in 2007 that Israel had used chameleons and squirrels to find out its nuclear facilities. It had also accused western countries of using chameleons for the purpose

DOLPHINS

ast year, there were reports of Russian-trained Beluga whales being found in Norway. The whale purportedly had a specially-

made harness with mounts for GoPro cameras on each side of it.

KING GETS A CUP

Taking on leadership roles

NIE Coordinator, Jain Heritage a Cambridge School

Kondapur

he 12th Investiture Ceremony of Jain Heritage a Cambridge School, Kondapur, for the academic session 2020-21 was held on a virtual platform.

The occasion was graced by Lieutenant Colonel Gagan Mishra, as the chief guest. The other dignitaries included CEO of JGI Institutes Chandrashekhar DP, academic director Lakshmi Rao, and principal Mona Mehdi. The ceremony started with a prayer song of Lord Ganesh followed by the lighting of the lamp ceremony. The gathering was welcomed by Mona Mehdi.

Senior co-ordinator Mahesh introduced the newly elected apex body members, head girl, head boy, cultural secretary, and sports captain. CCA coordinator Krishnaveni introduced the four house mistresses who in turn announced the junior and senior house captains.

The parents of these students conferred them with the sashes and pinned the badges. The chief guest administered the oath to all the members and later addressed the students. "The apex body members should keep three things in mind -Responsibility, Readiness for any kind of adversity, and Leading with example," he said. He motivated the students to serve the nation.

Academic director Lakshmi Rao addressed the students and spoke about leaders from Indian epics, Lord Rama and Lord Krishna. "Lord Rama was an instructional leader and Lord Krishna was a strategic leader. As young leaders, students should think about the welfare of others and understand the beauty of discretionary power. Leaders should Walk the Talk," she said.

CEO Chandrashekhar DP congratulated the newly elected young leaders and appreciated their efforts. He encouraged the students to be visionary leaders and thinkers. The ceremony concluded with a vote of thanks by newly elected head boy Raghav Kiran followed by a rendition of the national anthem

Gitanjali Devshala

Hyderabad

itanjali Devshala celebrated Hindi Divas with the students from classes I to X participating with much pride and enthusiasm. The students from classes I to III spoke about the beauty of the language by reciting poems and talking about why they love speaking the language. The students from classes IV to V gave an insight into the grammar and famous tongue twisters which left the audience amused. The students from classes VII to IX presented riddles, idioms, couplets, poems and proverbs while the students from class X gave an insight into the history of Hindi, through a special presentation 'Hindi - Kal , Aaj aur Kal'. The 'antakshari of Dohas' was a befitting tribute

ebrated with great zeal and enthusi-

to the language.

asm at Gitanjali Vedika to mark the birth anniversary of Beohar Rajendra Simha, who made vital contributions towards making Hindi as the official language of India.

Students were oriented about the importance of the language. They wholeheartedly participated and celebrated the day to mark the importance of the official language. The programme started with the Ganesh Vandana followed by a speech, poem, shloka, doha and song in Hindi to highlight the significance of the language. Hindi language day is celebrated every year to sustain the traditional values among students.

indi Divas is celebrated on September 14 to commemorate the adoption of Hindi in the Devanagari script as one of the official languages in different Hindi speaking states of India. Hindi was adopted as one of the official languages of the Republic of India by the Constituent Assembly of India due to the efforts of Beohar Rajendra Simha along with Hazari Prasad Dwivedi, Kaka Kalelkar, Maithili Sharan Gupt and Seth Govind Das. On September 14, 1949, which also marked the 50th birth anniver-

sary of Beohar Rajendra **Hillside School** Simha, Hindi was adopted as an official language. To showcase the im-

Hyderabad

portance of the day and the language, Hindi Divas was celebrated in Hillside School. Teachers from Hindi department Ganesh, Shoukat Ali, Rama Devi and Musofuddin took the initiative to organise the celebrations. Anchors Sanniya and Saradha Ganapathy acknowledged the importance of the language. The programme was celebrated virtually on Zoom platform. Students entertained the parents and teachers with various programmes like poems, songs, speeches, slogan recitation and skit.

Delhi Public School

Nacharam

eaching is important because it shapes growing minds. Teachers hold the key to the future, both directly and indirectly.

The quote 'School is a building that has four walls with tomorrow inside' reflects the importance of teaching. Teaching begins with self from the stage of an infant. It is the curiosity, enthusiasm, observation and the urge of a baby which teaches him to sit, stand, make sounds and speak. This learning process does not re-

quire any formal teaching. However, to grow as a responsible citizen and to be an active member of society, a child needs to learn many things like etiquette and social responsibility. These things cannot be learnt individually. It requires formal structure and professional personnel to prepare a child for future.

A child can learn how to behave with the people around him/her only when he/she goes to an educational institution. They learn patience and to wait for his/her turn only when they work with their peers under the guidance of a teacher.

is not only about making children literates; it is about making them understand morals, values and inspiring them to achieve their targets.

I am a passionate primary level facilitator who enjoys spending time with children. I believe that a teacher should be a resource for the learners who should be capable of clarifying all their doubts and encourage them to inquire further.

A teacher should support the learner in every aspect to learn new

She should mentor the pupils by motivating them to reach their targets. A teacher must observe the learning styles of the pupils and help them in overcoming the shortcomngs if any.

A teacher needs to be a learner as she will be facing new challenges while dealing with the learners of different mindsets who come from different family backgrounds.

Teaching is a profession which doesn't stick to a particular number of working hours. Teachers carry the responsibility of finding out new techniques to implement in their classroom teaching.

A teacher needs to be empathetic to the physical and emotional needs of her students.

Success Stories Believe is yourself, work hard

STUDENT: D. Nagendra Reddy

XII SCIENCE **BOARD:** CBSE

SCHOOL: Army Public School, Golconda,

Hyderabad

95.4%

Your initial reaction on hearing the news? I am really very very happy with my result and I am glad to have made my parents and school proud. At a time when everybody is so stressed out and feeling low because of the pandemic the result has brought much joy to us. But what gave me more happiness was when I heard that all my classmates had also done extremely well.

What do you attribute your success to? For this I would like to thank all my teachers, principal and parents for their constant support and faith. At APS Golconda, teachers use technology to enhance teaching and learning. The intensive classes proved to be very effective which might have increased the school performance in the CBSE board examination.

students appearing for the boards? Always have a balanced approach toward your studies and sports. Both play a very crucial role in life. Always believe in yourself, work hard and you will achieve what you want. I would like to convey my best wishes to my juniors who I know are in very safe and caring hands. Your next step?

Your message for

I want to pursue computer science engineering.

My advice is, never do tomorrow what you can do today. Vidya Muralidharan, Principal, Army Public School, Golconda 🧠
