## WHEN INDIA CONQUERED THE WORLD!

Yes, it was the day when Indian cricket came of age; a match that changed the course of the game's future. The venue was Lord's, the Mecca of cricket, where a packed house witnessed one of sport's biggest upsets— West Indies were set for a third straight title. Clive Lloyd's side had superstars, who, on their day, could just blow away the challenge of chasing 184. But it wasn't their day. West Indies were bowled out for 140. Their World Cup-winning streak was broken. Cricket had its new world champions! Kapil's Devils won it in style.

## Japanese supercomputer is crowned WORLD'S SPEEDIEST

A supercomputer developed by Japan's state-backed Riken research institute has emerged as **THE WORLD'S FASTEST FOR COMPUTING SPEED**, according to a twice-yearly ranking by the US-European TOP500 project. It is the first time in nine years that a Japanese supercomputer has captured the top position. The supercomputer, named Fugaku, after Mt Fuji, also took the top spot in three other categories that measured performance in computational methods for industrial use, artificial intelligence applications and big data analytics.

■ The Japanese supercomputer, jointly developed with Fujitsu Ltd, forms a key foundation for powerful simulations used in scientific research and the development of industrial and military technologies. ■ Another supercomputer developed by the US ranked No 3, while China held both the fourth and fifth spots. ■ Currently being operated on a trial basis for research on potential medicines to fight corona, Fugaku is expected to be fully operational in April 2021.

A supercomputer is a computer with a high level of performance as compared to a general-purpose computer. The performance of a supercomputer is commonly measured in floating-point operations per second (FLOPS) instead of million instructions per second (MIPS)

## Pluto has a vast ocean beneath its frozen crust!

A latest study has revealed that Pluto harbours a vast ocean beneath its frozen crust, which has been there for 4.5 billion years—500 million years, longer than Earth's seas. According to scientists, though Pluto is known today as a ball of frozen ice and rock orbiting the sun at a distance of 3.7 billion miles, it may have been hot when it first formed, allowing liquid water to form on its surface, and potentially provided the conditions needed to support alien life. The new study differs from the traditional view that Pluto originated as a ball of frozen ice and rock, which gradually melted enough to form a sub-surface ocean, due to heat released by the decay of radioactive elements in the rock.

➤ The scientists compared thermal model simulations of the evolution of its interior to pictures of its surface taken by NASA's New Horizons' spacecraft. ➤ They identified ridges and troughs more than a mile deep on the dwarf planet, suggesting stresses from movements inside its shell caused by water expanding, when it freezes. ➤ The study suggests other planets and dwarf planets in the Kuiper Belt — like Haumea and Make — may have also once been warm, and capable of harbouring alien life.

### NOBEL LAUREATE AMARTYA SEN WINS 2020 PEACE PRIZE OF THE GERMAN BOOK TRADE

AWARD

Nobel laureate Indian economist Amartya Sen has won the prestigious Peace Prize of the German Book Trade for his decades-long work on "questions of global justice". Börsenverein, the German Publishers and Booksellers Association, chose the 86-year-old economist and philosopher as the recipient of the body's 2020 Peace Prize for his pioneering work addressing issues of global justice, social inequality in education and healthcare.

### KAZUO ISHIGURO TO COME OUT WITH NEW NOVEL 'KLARA AND THE SUN' THE SUN' NEXT YEAR

Nobel Prize-winning author Kazuo Ishiguro is all set to come out with his new novel, 'Klara and the Sun', next March. The book is the story of Klara, an "Artificial Friend" with "outstanding observational qualities", who watches browsers from her place in a shop, hopeful that one will eventually choose her.

This is the first novel by Ishiguro since he was awarded the Nobel Prize in Literature, and will be published by Faber & Faber in the UK, Alfred A Knopf in the US and Knopf in Canada on March 2, 2021.

#### THE STONEHENGE MYSTERY UNRAVELS: Scientists find huge ring of ancient shafts near the monument

UNRAVELLED

Archaeologists have discovered a major pre-historic monument under the earth near Stonehenge that could shed new light on the origins of the mystical stone circle in southwestern England. Experts say the site consists of at least 20 huge shafts, more than 32 feet in diameter and 16 feet deep, forming a circle more than 2 kilometres in diameter. The new find is at Durrington Walls, the site of a Neolithic village about 2 kilometres from Stonehenge. Researchers say the shafts appear to have been dug around 4,500 years ago, and could mark the boundary of a sacred area around a circular monument, known as the Durrington Walls henge.

➤ Stonehenge, a huge monument built between 3,000 B C and 1,600 B C, is one of Britain's most popular tourist attractions.  
➤ It's also a spiritual home for thousands of druids and mystics, who visit at the summer and winter solstices

#### AFTER OSCARS, GOLDEN GLOBES DELAYED TO FEBRUARY 2021

The Golden Globes is refusing to let the pandemic get in the way of its party. The ceremony will now be held on February 28, 2021, in Beverly Hills, with previously announced hosts— Tina Fey and Amy Poehler, the Hollywood Foreign Press Association said. The date, as with that of other awards, had been delayed amid the coronavirus disruption.

The Golden Globe Awards recognise excellence in film, both American and International, and American television

#### TWITTER LAUNCHES 'PROMPT' TO HELP PEOPLE COMBAT DOMESTIC VIOLENCE

Twitter has launched a dedicated search 'prompt' for Indian users that will direct people looking for domestic violence-related keywords towards relevant information from the ministry of women and child development and national commission for women. The search prompt will be available on iOS, Android and on mobile in English and Hindi languages.

■ "Every time someone (in India) searches for certain keywords associated with the issue of domestic violence, a prompt will direct them to the relevant information and sources of help available on Twitter," the company said

■ This is an expansion of Twitter's #ThereIsHelp prompt, which was specifically put in place for the public to find clear, credible information on critical issues  
■ Some of these terms, include crime against women, domestic violence, dowry, dowry death, gender violence, gender-based violence, lockdown violence, marital rape and POSH (prevention of sexual harassment)

#### WORLD IN A 'NEW AND DANGEROUS PHASE' OF PANDEMIC: WHO

The World Health Organisation has warned of a "new and dangerous phase" of the coronavirus pandemic, with people tiring of lockdowns, despite the disease's accelerating spread. The warning came as it emerged that the virus was present in Italy in December, months before its first confirmed cases, about the same time when the disease was first reported in China.

■ The virus, which has now killed more than 454,000 people and infected 8.4 million people worldwide, is surging in the Americas and parts of Asia, even as Europe starts to ease restrictive measures ■ Lockdowns have caused economic damage, but the WHO said the pandemic still posed a major threat

### QUOTE UNQUOTE

Immigration has contributed immensely to America's economic success, making it a global leader in tech, and also Google, the company, it is today. I am disappointed by the proclamation. ### FUN GAMES FOR VIRTUAL PARTY

#### BINGO

It doesn't get any easier than Bingo. You can use a website like, My Free Bingo Cards to play a traditional game with a virtual caller, or you can play a custom Bingo game that revolves around a movie or TV show that your group plans to watch.

#### SCATTERGORIES

Scattergories is a fun game to play with Zoomers of all ages. To play, head to this free game generator and send each person a link to the game. The rules are simple: there is one letter and five categories (things like "school supplies," "book title," and "girl's name"). You have 60 seconds to come up with a word that fits in each category and start with the chosen letter. The more unique your answer is compared to your friends' answers, the more points you get.

#### NAME, PLACE, ANIMAL

This popular game works well on virtual platforms. To play, pick a letter. Each player has to list a famous person's name, a place, an animal, and a thing that begins with that letter. The first person to type them into the chatbox wins.

#### PSYCH

To play, participants make up fake answers to real trivia questions; one player must choose the real answer among the fakes. There's even an "And the Truth Comes Out" deck that allows you to do the same thing with personal questions about each other.

## REMARKABLE MOVIES SET IN A SINGLE LOCATION

With the coronavirus pandemic halting the shooting of films that are dependent on outdoor shoots, here are some movies that were shot in a single location. These films demonstrate how filmmakers can think outside the box, an experiment that can be tried in these lockdown times...

### 7500

#### The location: A plane's cockpit

**THE PROBLEM:** When terrorists hijack a Berlin-to-Paris flight, it's up to a young American co-pilot, Tobias (Joseph Gordon-Levitt), to direct the aircraft to safety, and in the process, make some distressing split-second decisions.

**THE RESULTS:** For his debut feature, director Patrick Vollrath creates a close-quarters nail-biter that keeps you exactly where he wants you: in the pilot's seat. To experience the film from Tobias' point of view, Vollrath makes clever use of a surveillance monitor in the locked cockpit. The screen displays impersonal glimpses of passengers as the flight attendants pass through the service curtain. Hostages held in the cabin are also only visible on the screen.

(Where to watch: Stream on Amazon Prime Video)

### GRAVITY

#### The location: 600 km above Earth

**THE PROBLEM:** A medical engineer, Dr Ryan Stone (Sandra Bullock) is faced with finding a way back to Earth, after her space shuttle is damaged by debris from a destroyed satellite.

**THE RESULTS:** This 2013 science-fiction drama is so utterly immersive that it makes you feel like Stone. We are centered in the action, even pulled inside her astronaut's helmet; we can sense the panic of free-falling into an ocean of emptiness alone. Rather than relying on flashbacks to illustrate her back story, the screenwriters, Alfonso Cuarón (who also directed) and his son Jonas reveal Stone's grief through her achingly tragic soliloquy, delivered in space as she floats against a backdrop of star-speckled darkness.

(Where to watch: Rent on YouTube, Amazon Prime Video, iTunes and other platforms)

### BURIED

#### The location: A wooden coffin

**THE PROBLEM:** An Iraq-based American civilian truck driver, Paul Conroy (Ryan Reynolds), is buried alive. His air supply is diminishing, and he has nothing but a few tools to help him escape.

**THE RESULTS:** Ninety-five minutes is a long time to be stuffed in a coffin. But director Rodrigo Cortés' 2010 thriller makes a bone-chilling case for setting an entire movie in a big box with a single on-screen character. The film's use of frantic camerawork and close-ups, paired with Reynolds' strong, desperate-to-escape performance establish an environment that is so wincingly claustrophobic, you might try to look for a way out too.

(Where to watch: Rent on YouTube, Amazon Prime Video, iTunes and other platforms)

## 1. 'LET'S TALK' - STAY AWAY

**Parents:** You think 'Let's Talk' is a natural way to begin a conversation.  
**Teens:** Alarm bell goes off in their brains and shutters come down. The end of the conversation before it begins.

**Solution:** Spend some non-demanding time with them like reading a book in their room or working in the kitchen with your child before you begin the conversation.

## 2. STOP PREACHING

**Parents:** Throughout the day we are only 'Telling' (preaching) our teens.  
**Teens:** When you tell them to do something they will usually 'Push Back'.  
**Solution:** Instead of 'you need to study' ask 'how is preparation for your exams going?' Instead of telling, ask them in a calm and curious way.

## 3. KEEP CALM

**Parents:** Don't get shocked or react and show your anxiety.  
**Teens:** They will think twice thrice before telling you anything.  
**Solution:** What your teen needs is for you to empathise, empathise with your heart. When you empathise, they will not feel shamed or judged and they might open to you. Try: I can understand 'This is difficult for you; this isn't easy for you?'

## 4. FOLLOWING YOU-I-WE APPROACH

The family should have You-I-We approach to avoid any sort of conflicts:  
► I Listen to YOU (Even if I don't agree)  
► I share my views (Even if you don't agree)  
► WE solve this out together

## 5. LEARN TO SAY SORRY

As parents, we can make mistakes, especially with teens. Simply apologise and say 'I am sorry for messing up. What can I do to make it better? Believe it teens are far more forgiving when you are upfront with them.'

## Teacup Poodles

Known for their intelligence, energy, and sweet personality, Teacup Poodles make amazing family dogs.

They usually weigh between two and four pounds, and measure eight inches or shorter when fully grown. Their standard-sized counterparts typically weigh between 45 and 70 pounds. Their small size makes it difficult for teacup dogs to effectively regulate their body temperature.

The man of the family  
Who keeps us happy, at all times.  
The hero, whose presence  
Is my shield, that keeps me safe and  
gives me strength.

The person, who gives me responsibilities and  
corrects my mistakes.

The gentleman, who makes the house,

Father's Day is the best time to say thank you to fathers for all their love, support and sacrifice. Students of class IV celebrated Father's Day on June 22. Ananya Shukla and Umika recited beautiful poems to thank them for being there every time a child needs them. Vallabha turned out to be a great virtual anchor by taking the lead with full confidence and zeal. Anurag, Nathan and Umika prepared posters and expressed their love through them. Each letter of the word FATHER was highlighted through a collage by Aadit, Ananya Srivastava, Jairaj, A Siri, Shaanyu and Shreyasi. Prashant, father

of Shaanyu, attended the event and appreciated the students for their efforts. Mona Mehdi, principal, and Mahesh, senior coordinator lauded the students with their kind words.

## FATHER'S DAY CELEBRATIONS

The lockdown that came in the wake of the Covid-19 pandemic was 'sort of a blessing in disguise' for children as they got to celebrate Father's Day with their dads at home.

Vidyanjali Grammar School virtually celebrated Father's Day live on June 21. Various activities like 'JAM session', 'How well do you know your child',

'Recipe presentation', where child presented special dishes to their dad, were held. Children also prepared and presented beautiful cards to their fathers, expressing their love.

Fathers also actively participated in the event and appreciated the children for their efforts. Children clicked pictures with their fathers and enjoyed some fun games with them. The celebration concluded with a message that the more the parents talk and listen to their children, the happier the family will be.

## No lockdown on the spirit of celebrations

I feel delighted as a parent to have been a part of a unique celebration, virtual decennial year and e-investiture ceremony of Pallavi Model School, Alwal.

Professor Valli Manickam, Dean, ASCI, graced the virtual event as the chief guest for the Founder's Day and inspired us in her own way to focus on ecosystem services.

Students and teachers came up with the idea of e-canvasing and e-elections. The virtual investiture ceremony was presided over by Colonel Lokesh Kumar, SM\*. He left the children captivated with a PPT with videos of Avengers, which were both interesting and informative.

The highlight of the event was when students were invested by their parents at the instructions of Sports HOD Anand and demonstration by Kiran, faculty member.

Chairman Komaraiah emphasised that basic education is provided in the school with a motto of 'all-round development of children. "The Palla-

vians not only preach but practice as well," he added.

As a parent I can proudly say that today if Aditya, my son, is able to pursue golf, it's due to the immense support of chairman and principal Sunir Nagi. Similarly, the credit for my daughter Adira being outspoken and fearless goes to the teachers for nurturing her.

All the performances and the collective efforts of the emcees and teachers under the guidance of the principal were incredible. Student RJs Sukhjeet and Palash, were a bundle of energy. T Sudha, academic director, who was of full of positivity, inspired the children with her words. The biggest lesson for the day was the 10 principles of our Vedas. Unveiling of an e-magazine was a remarkable feat in itself. The 'Alumni Speak' reiterated that our choice to belong to Pallavi Model School was unquestionably the right decision. To mark the decennial year celebration of the school, its stakeholders took up a plantation drive.
