Spellings and reading are two important pillars of language proficiency.

Learning the correct spelling of a word is important as it fosters a connection between sounds and letters. It aids in reading and writing.

According to the linguistic experts Carreker and Moats – “The more deeply and thoroughly a student knows a word, the more likely he or she is to recognize it, spell

it, define it, and use it appropriately in speech and writing. Our language department has always laid stress to use correct pronunciation and spelling of a word. With this thought in mind- **Spell o Fun** was organized for Grade II & III on **5th July, 2017**.

The final round was a PPT presentation in which a total of 24 students participated.
