Dear Parent, Greetings from DPS-Miyapur!

At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents. ~Jane D. Hull

There's a famous saying, 'Shoot for the moon. Even if you miss, you will land among the stars'. It is a greater work and responsibility to educate a child in the true and larger sense of the world, than to rule a nation. In order to educate a child, the very first thing that one needs to keep in mind is to motivate and encourage the child, to make him believe in his capabilities, talents, to trust his failures and get inspired from them and to keep his determination and motivation high to move on and conquer the world. Children are pure and innocent moulds of clay, and it is the onus of teachers and parents to render them the desired shape of being a good human being and a successful person in life. DPS-Miyapur continually strives to render a holistic development of a child through several interesting, out-of-the box, motivating and inspiring events and competitions alongside meticulous academics. The month of August witnessed a fascinating concoction of events and contests that challenged the students' abilities, helped them realize their hidden potentials and showcase their talents with confidence and élan.

CONGRATULATIONS TO

The month of eventful August started on a great note with DPS-Miyapur, marking its position in the national map with Sristi Pramanik, a student of Class 8 securing the first position in The National Scholastic Writing Competition. The Scholastic Writing Competition is a National level writing competition where students from renowned schools from all over India sent their stories in different genres of horror, fiction, adventure and comedy. Sristi topped the competition leaving few of the toughest schools of India behind and brought laurels to the school. Her story will be published in the anthology of Scholastic India and she will also attend a National level Writers Workshop in October, 2019. DPS-Miyapur is very proud of her achievement and success.

Technology is not just a tool. It can give learners a voice they may not have had before."

The joyful young learners of pre-primary of DPS, Miyapur celebrated Raksha Bandhan on 7th August, 2019 with fervor and enthusiasm through a special assembly. Honorable Head of the school, Ms. Gowri Sarkar, and Head Mistress, Ms. Raina Bhatt graced the occasion. The parents were invited to watch the tiny-tots put their best foot forward. A rakhi was tied on the hand of every parent who attended the programme. The students presented dance, song and skit to highlight the importance of the festival. Thought provoking message was conveyed by the children that Raksha Bandhan is not only a celebration for brother and sister, but also for all the loved ones. They tied rakhi to a tree and emphasized their importance in the lives of the human beings and how they are needed for the survival of the human race. This bonding was incredible indeed. Finally, all pre-primary section children tied rakhi on each other's hand and offered sweets. The occasion was a great success and was applauded by everyone.

Golconda Fort - Field Trip (Grade - VII on 07th August, 2019)

The students of Grade VII went on a Field Trip to Golconda Fort on 7th August, 2019. The weather was neither sunny nor rainy, a perfect weather for a field trip. They boarded the buses after prayer time so that they could get ample time to see the fort. The Fort is opened for the public at 9am. They reached there at 9:20am. The teachers hired a guide to show Them around the fort, the majestic palace rooms, corridors and garden.

The first sight that greeted them was the number of visitors clapping underneath the dome, trying to emulate the improvised warning system that the fort used. The guide explained that the warning clap under the dome could alert the troops garrisoned in the fortress. Moving on, they climb up the stairs as Golconda unraveled history part by part. They were shown the granary, Ibrahim Mosque, Mahakali temple, Baradari. The baradari is the highest point of view in the fort, and as expected a panoramic view of the city was a visual treat.

The guide informed that it is believed to have a secret underground passage that connects the durbar halls, which is situated at the top, to one of the palaces situated at the bottom of the hill. The entry gate of the fort had been kept intentionally narrow so that an elephant wouldn't be able to hit the door directly during an attack. And as an added security measure, there was a vent at the top of the entrance of the fort, which was used to pour hot oil on enemies.

They all went down the steep staircase and sat in the lawn area for lunch. It was then time to get back to school. This trip was not only informative but also enjoyable one.

This contest was a tribute to their beloved teachers as they had framed their thoughts for their teachers. The parameters to judge the frames were Content, Creativity and Aesthetic appeal.
